UN Women Solidarity Movement
for Gender Equality

Mike Bush

Police commissioner

Gender equality is the right thing to do. We have an active recruitment campaign for women and we have gone from zero to 25% women in management in the past several years. Women in the police force are paid exactly the same as men at their level, so we have only a .8 % pay gap. That comes about when women leave the police force to have a baby, and miss out on their performance pay in the time they are absent.
